Environ Retail Certification Agenda *Saturday, October 1*

9:00 am: **Check In**

9:30 am: **Environ Retail Ranges**

Founded thirty years ago, Environ focused on harnessing powerful scientific research to provide the most effective skin care products available. As the pioneer in results-driven skin care, Environ became the first cosmetic product to supply vitamin A, C and other antioxidants in effective dosages in special, airless packaging designed to protect the efficacy of all ingredients.

In this retail certification course you will learn the story behind this iconic brand, the science of the carefully selected ingredients and the proprietary formulas of the retail ranges.

12:30 pm: **Lunch Break**

1:30 pm: **Environ Retail Ranges (cont'd)**

4:30 pm: **Workshop Adjourns**

This certification course, required to be attended LIVE by all Environ Skin Care Providers and completed every three years, will ensure a thorough understanding of the retail product ranges. After attendance is verified, you will receive a digital exam. If you achieve a passing rate of 80% or above, you will then receive a digital certificate. If you do not pass, you will have the opportunity to review the exam(s) and your answers with your consultant or the Director of Education and re-take the exam.
