

FOCUS CARE™ MOISTURE+ RANGE

HA Intensive Hydrating Serum

- *Contains hyaluronic acid which helps to boost the effects of hydration levels while smoothing and plumping up the appearance of the skin.*
- *Hyaluronic acid, a protein which scientific studies show holds up to 1000 times its own weight in water, is known to play a vital role in the effects of the aging process by richly hydrating the skin.*
- *Suitable for all skin types.*
