Environ's Limited-Edition Body Essentials Value Pack

Limited-Edition Body Essentials Value Pack contains Derma-Lac Lotion (200 mL) and A, C & E Oil (200 mL). Derma-Lac Lotion helps to soften rough, calloused skin while energizing dull skin and providing a more radiant appearance. The lotion also helps speed up skin renewal, leaving it looking smooth and refreshed.

A, C & E Oil provides a protective barrier to exposed skin in harsh weather conditions while nourishing and conditioning the skin, leaving it soft and supple. The oil also helps improve the appearance of problematic skin and provides an overall healthy radiance.
