Environ Vita-Peptide C-Quence Serum \$112.00/\$132.00

Youth EssentiA Vita-Peptide C-Quence 1 is the introductory serum to the premium Environ step-up skincare system. Featuring the series' lowest concentration of Vitamins A and C, the technologically advanced product's potent ingredients work in synergy to combat the appearance of visible signs of aging. C-Quence 1 richly hydrates the skin, softens the look of fine lines, and improves the appearance of sun-damaged skin for a more healthy-looking and radiant complexion.

Youth EssentiA Vita-Peptide C-Quence 1 is formulated for all skin types, but in particular, for maturing, photo damaged skin. To achieve optimum benefits and results, after pre-cleansing, cleansing, and toning, lightly massage the serum onto face, neck and décolleté. Allow to dry and follow with Youth EssentiA Defence Crème. Use morning and evening.

The signature Environ® step-up program is based on varying intensities and levels of ingredients to ensure that the patient's skin adapts in a healthy and safe manner. This gradual progression method diminishes chances of retinoid sensitivity effects and other skin reactions. C-Quence 2-4 Serums are the increases of product intensity after skin is acclimated to C-Quence 1.
