VITA-ENRICHED ANTIOXIDANT GEL

Product Description

Vita-Enriched Antioxidant Gel is a water-based gel formula containing a blend of antioxidants and moisturizers to assist in defending the skin against free radicals associated with harmful external influences e.g. pollution and excess sun exposure.

Product Benefits

- Contains a high concentration of antioxidants that are known to combat free radical damage in the skin.
- Has a cooling and moisturising effect for sensitive and dry skin.
- Contains Beta-Carotene, a potent antioxidant that is a plant form of vitamin A.

How To Use

Pre-cleanse, cleanse and tone with your preferred Environ products. Apply Antioxidant Gel with or followed by your recommended Environ vitamin A moisturiser. Use morning and / or evening.

Suitable for all skin types especially sensitive, problematic and dehydrated skin conditions.
